Yeongdeungpo-gu Welfare Policy Division Hosts [2026 Multicultural Awareness Education]

On September 17, from 6:30 PM to 8:00 PM, the Multicultural Team of the Yeongdeungpo-gu Welfare Policy Division held the "2026 Multicultural Awareness Education" for about 50 local, foreign, and multicultural residents at the 3rd-floor lecture room of the Dadream Multicultural Center. The session featured a special lecture offering expert perspectives on multiculturalism, along with engaging storytelling based on the real-life experiences of mentors. Following this, Hong Hee-jung, a Yonsei University student mentor from a multicultural family, received a highly positive response as she shared her journey of studying and living in Korea. The special lecture was followed by a Q&A and a talk session where attendees shared their reflections. Yeongdeungpo-gu plans to continue expanding educational programs aimed at improving the multicultural understanding and awareness of its residents.

Yeongdeungpo Police Station & Seoul Yeongdeungpo Post Office Conduct [Voice Phishing Prevention Education for Foreigners]

The Yeongdeungpo Police Station and Seoul Yeongdeungpo Post Office held a voice phishing prevention education session for foreign residents. Organized to prevent financial losses from the recent rise in voice phishing crimes targeting foreigners—such as impersonating government agencies or delivery services—the session guided attendees through common phishing tactics and response strategies using real-life cases. It also explained how to react to suspicious calls or texts, how to report incidents to 1394, and the procedures for requesting a payment suspension. Tailored crime prevention activities will continue to be carried out to ensure that all residents, including foreign residents, can live safely.
